

**Mobi™**  
Portable oxygen concentrator

Oxygen is life  
*Mobi is my reassurance*

[ResMed.com/Mobi](https://www.ResMed.com/Mobi)

# Intelligent oxygen delivery

Mobi is designed to deliver the oxygen your patients need.

**Pulse-Wave™ technology.** Mobi uses Pulse-Wave™ technology to efficiently deliver the selected dose of oxygen at the right time.

**Adaptive operating system.** Mobi senses your patient's breathing and automatically switches between active and rest modes as activity levels change.

**Automatic dosing.** If breathing cannot be detected, Mobi commences automatic dosing.

Mobi standard setup pack includes the Mobi portable oxygen concentrator, Mobi carry bag, an AC/DC charger and a DC/DC charger.

# Mobi from ResMed

We're proud to introduce the ResMed Mobi™ portable oxygen concentrator, the latest addition to our award-winning family of respiratory solutions. Mobi's ideal balance of oxygen, weight and battery life is designed to give patients the freedom to live an active life. And its easy-to-use interface and stylish carry bag make Mobi perfect for everyday use. Mobi is also backed by trusted ResMed service and support as well as our standard 5-year POC warranty.

# For everyday living

A balance of oxygen, long battery life and stylish, lightweight design means your patients have the freedom to live an active life.

**Long battery life.** At 9 hours on setting 2, Mobi has one of the longest-lasting batteries\* of any portable oxygen concentrator (6 hours internal battery and 3 hours per external battery).

**Lightweight.** Weighing only 5.5 lbs, Mobi is designed to go wherever your patients go.

**Casual style.** Combining style and functionality, the Mobi carry bag features a casual but sophisticated design that conceals tubing and batteries.

\*Based on published reports of battery performance.

# Simple to use

Mobi is designed for one-touch startup, easy setting changes and patient reassurance.

**LCD display.** For patient peace of mind, an easy-to-read display shows remaining battery life and when each dose of oxygen is delivered.

**Clear notifications and alarms.** Mobi features alerts for oxygen purity and device functionality, letting your patients know if their device needs attention.

**User-friendly controls.** An intuitive interface makes setting changes simple and ensures the most commonly used controls are easy to find.

## Mobi accessories

Mobi external battery  
**35052**

Mobi backpack  
**35050**

Filter standard/hypoallergenic  
(see table below)
